## LET FREEDOM RING

The CIA specializes in assassinations but, unfortunately, the victim is usually an anti-Communist. The pro-American, anti-Communist Rafael Trujillo of the Dominican Republic, for instance, was assassinated by arms smuggled into the country by the CIA. This was reported in the London Observer and confirmed (sic) by Trujillo's former chief security officer. The CIA made a number of attempts to assassinate Cuban President Batista so as to put the homicidal maniac Fidel Castro in power. After the Communist dictator was in power and committing wholesale slaughter of Cuban patriots, the Deputy Director of the CIA, General Cabell stated: "Our conclusion is that Fidel Castro is not a Communist." With an intelligence service like that working for them, the Russians don't need the NKVD.

Henry J. Taylor, one of America's most respected commentators, has stated that it is a demonstrated fact that the CIA has been penetrated wholesale by our enemies. Col. Guy Richards of the New York Journal American revealed that the CIA diverted \$400,000. to the Communist Party of the United States, \$400,000. to the Communist Party of Italy, and \$400,000. to Soviet Intelligence.

The CIA has financed many such Communist and Socialist organizations but even the so-called anti-Communist groups that the CIA has financed have a common characteristic. They are so weak and disorganized that they couldn't fight their way out of a soap bubble.
